

Grown in PA. It makes a difference.

Pennsylvania Farm Market Guide

From Farm to Fork, Enjoy the fresh taste of Pennsylvania

Farmers markets and roadside stands offer a direct connection to Pennsylvania's diverse agriculture industry while serving as agritourism destinations. They are the perfect one-stop-shop to pick up tasty tomatoes, sweet corn, crisp apples and even fresh-cut flowers.

Consumers know the benefits of buying local – enjoying produce at the peak of flavor and nutritional content, supporting their local economy, helping keep local farmers in business and reducing the distance food travels.

Every corner of the state offers unique products made by our farm businesses.

Agriculture is Pennsylvania's leading industry, and our state's products have earned worldwide reputation for quality. PA Preferred™ is the state branding program used to identify locally sourced Pennsylvania agricultural products and help you find your way to them.

Look for the PA Preferred™ logo on product packaging, signage and other promotional material in the grocery store aisle, at farmers markets, in restaurants, and at other wholesale and retail outlets where Pennsylvania products are proudly offered.

The PA Preferred brand signifies products made and grown in Pennsylvania. PA Preferred. It really does make a difference.

Visit us at www.PaPreferred.com.

Check with the growers in your area.

FARMERS MARKET NUTRITION PROGRAM

The Pennsylvania Department of Agriculture's Bureau of Food Distribution administers the Farmers Market Nutrition Program which provides income-eligible older adults and women, infant and children, (WIC) program participants with the opportunity to buy nutritious, locally-grown fruits and vegetables. Produce sold under the program must be grown in Pennsylvania.

Older Pennsylvanians and WIC participants may be eligible to receive Farmers Market Nutrition Program vouchers to buy Pennsylvania produce. Adults must be at least 60 years old and meet specific, low-income eligibility requirements.

Pennsylvania farmers who participate in the program may sell their own produce at a farmers market or farm stand. Participating consumers receive a list of program vendors so they can easily locate eligible produce. Vouchers can be redeemed at participating markets. Look for the white Farmers Market Nutrition Program signs.

A farmer must grow and sell \$1,000 or more of program-eligible produce on his farm and meet certain requirements to participate in the program. To apply, contact the Bureau of Food Distribution at 1-800-468-2433 or visiting **www.agriculture.state.pa.us**.

The Farmers Market Nutrition Program benefits more than 175,000 older Pennsylvanians and 140,000 WIC participants by providing them with nutritious, fresh food. Program partners include the Pennsylvania Departments of Agriculture, Health (WIC Program) and Aging (area agencies on aging) and Pennsylvania's farmers.

Contact a local area agency on aging or one of the senior agencies listed in this guide or visit **www.aging.state.pa.us**. For WIC information, contact a local WIC agency.

PA DEPARTMENT OF AGRICULTURE CONTACTS

The Pennsylvania Department of Agriculture encourages, protects and promotes agriculture and related industries throughout the commonwealth while providing consumer protection through inspection services that impact the health and financial security of Pennsylvania's citizens.

Pennsylvania's 63,000 farm families continue to be the stewards of more than 7.7 million acres of farmland. With \$6.1 billion in cash receipts annually from production agriculture, Pennsylvania farmers and agribusinesses are the leading economic driver in our state.

PENNSYLVANIA AGRITOURISM

Visiting any of Pennsylvania's hundreds of farmers markets is an exciting way to explore the state's rich agricultural heritage.

Other ways include a visit to one of our county and community fairs, wineries or farm stay bed and breakfast properties.
