

*Experience the magic,  
make the memories.  
#PAFairs*

I have always enjoyed of the sense of tradition and togetherness that fairs throughout the commonwealth display year after year. Our fairs provide a showcase of the best Pennsylvania has to offer to more than 5.5 million visitors each year.

My family's roots reach deep into York County's rich agricultural heritage and its county fair. My father is the oldest living member of the York Fair Board of Directors, and I am proud to continue that tradition as a member myself.

Fairs serve as the gateway to agricultural education for many visitors and allow the experience to be up close and personal. From learning how your favorite foods are produced and end up on your dining room table to viewing the work of skilled artisans whose handiwork is second to none, all stages of production and preparation are on display.

There is a story with each entry you will see at the fair – each one is an important component of Pennsylvania's rich agricultural history. Join my wife Frances and me in exploring the commonwealth's many agricultural fairs.

Sincerely,

*Tom Wolf*

Governor
