3. *Movement of regulated articles from quarantined areas.* A regulated article, delineated in Paragraph 2 of this Order of Quarantine, may be moved from a quarantined area only under the following circumstances:

a. *With* a valid certificate or limited permit attached and issued in accordance with the provisions of Paragraph 4 or Paragraph 6 of this Order of Quarantine. The valid certificate or limited permit shall be attached to the regulated article(s) as set forth in Paragraph 5 of this Order of Quarantine.

- ii. The regulated article, if moved into the quarantined area during the period of April through December and is moved in an enclosed vehicle or is completely covered, such as by a tarp or full shrink wrapping, to prevent exposure to Spotted lanternfly, *Lycorma delicatula* or access to the regulated article by any of the plant pest established in this Order of Quarantine and the tarp or shrink wrapping is destroyed

by burning prior to leaving the quarantined area or is left behind in the quarantined area; and

- iii. The regulated article is moved directly through the quarantined area without stopping (except for refueling or for traffic conditions, such as traffic lights or stop signs), or has been stored, packed or handled at locations approved by the Department inspector as not posing a risk of infestation by or exposure to Spotted lanternfly, *Lycorma delicatula*; and

The Department or a person operating under a compliance agreement, as set forth in Paragraph 6 of this Order of Quarantine, may issue a certificate or stamp authorizing the movement of a regulated article, delineated in Paragraph 2 of this Order of Quarantine, if it is satisfied that all of the following criteria are accurate and will be met:

a. The regulated article is to be moved in compliance with the provisions of this Order of Quarantine and any additional emergency conditions that the Department may impose under the Plant Pest Act in order to prevent the artificial spread of Spotted lanternfly, *Lycorma delicatula*; and

b. The regulated article is either of the following:

- i. The regulated article is determined to be free of Spotted lanternfly, *Lycorma delicatula*, based on inspection; or the regulated article has been grown, produced, manufactured, stored or safeguarded during the months of April – December in a manner that, in the judgment of the Department, prevents the regulated article from presenting a risk of spreading Spotted lanternfly, *Lycorma delicatula*; or
- ii. The regulated article is to be moved to a specified destination for specific processing, handling or utilization (the destination and other conditions to be listed on the advance written permission), and the Department has determined this movement will not result in the spread of Spotted lanternfly, *Lycorma delicatula* because the plant pests will have been destroyed by the specific processing, handling or utilization process undertaken and completed prior to movement of the regulated article.

The description of the regulated article(s) on the certificate or limited permit, and on the waybill, shall be sufficient to identify each regulated article. The consignor shall be responsible for compliance with such documentation standards and shall assure the carrier furnishes the certificate or limited permit authorizing the movement of the regulated article to the consignee at the destination of the shipment. The consignor, carrier and the consignee shall keep a copy of the certificate or limited permit. All such records shall be maintained by the consignee, consignor and carrier for a period of 2 years. Such records shall be made available to the Department for inspection upon request.

6. *Compliance Agreements.* The Department will consider entering into a compliance agreement with any person that demonstrates an understanding of the requirements of this Order of Quarantine and satisfies the Department that said person is capable of issuing certificates or limited permits in accordance with the requirements of this Order of Quarantine. The Department shall either provide blank certificates and limited permits to a person operating under a compliance agreement or authorize reproduction of the certificates or limited permits on shipping containers, or both, as determined by the Department at its sole discretion. These certificates and limited permits may then be completed and used, as needed, for the movement of regulated articles that have met all of the requirements of Paragraph 4 of this Order of Quarantine. Originals of each certificate or limited permit issued by a person operating under a compliance agreement shall be kept by said person for a period of 2 years and shall be made available to the Department upon request.

7. *Cancellation of a Certificate, Limited Permit or Compliance Agreement.* Any certificate, stamp, or limited permit or any Compliance Agreement may be canceled orally or in writing by the Department whenever the Department determines that the holder of the certificate or limited permit or the Compliance Agreement has not complied with a provision of the Act, regulations or this Order of Quarantine. If the cancellation is oral, the cancellation will become effective immediately, and the cancellation and the reasons for the cancellation will be confirmed in writing as soon as circumstances permit.
