

HOLLYWOOD Casino

at
PENN NATIONAL RACE COURSE

July 30, 2018

Honorable Russell Redding
Secretary of Agriculture
COMMONWEALTH OF PENNSYLVANIA
2301 N. Cameron Street
Harrisburg, PA 17110

Kevin O'Toole
Executive Director
PENNSYLVANIA GAMING CONTROL BOARD
P.O. Box 69060
Harrisburg, PA 17106-9060

Dear Secretary Redding and Executive Director O'Toole,

On behalf of Hollywood Casino at Penn National Race Course (HCPNRC) and Penn National Gaming, Inc., it is my pleasure to submit the following report to the Department of Agriculture and the Pennsylvania Gaming Control Board as required under Section 1211(a)(2) of the new table games legislation.

Penn National Gaming, Inc. has more than 40 years of racing heritage that began with the opening of Penn National Race Course in 1972. Today, Penn National Gaming, Inc. continues to be the largest operator to pari-mutuel facilities in North America and stands more committed than ever to horse racing within the Commonwealth.

Throughout 2017 and into 2018 Hollywood Casino at Penn National Race Course continues working to increase the prestige of our racing program and the credibility of our racetrack and the Commonwealth, on both, the local and national stage. The success of our inaugural \$500,000 Penn Mile in its short six-year history, demonstrates the excitement that can be generated by our great sport, and our commitment to producing a quality racing product. We look forward to continuing and expanding upon successes such as these in the years to come.

Sincerely,

Eric M. Johnston
Director of Racing Operations
Hollywood Casino at Penn National Race Course

INTRODUCTION

Penn National Race Course opened August 30, 1972 and is the second oldest continuously operating Thoroughbred racetrack in the Commonwealth. Over its 44-year history Penn National has been an innovator and national leader in the pari-mutuel industry.

The Carlino family that took control of Penn National in the early 1980's was able to take this single racetrack and parlay that success into the publicly traded Penn National Gaming, Inc., now one of North America's largest and most diversified gaming and racing companies with annual revenues in excess of \$2.9 billion and 28 facilities in 21 different jurisdictions, including California, Colorado, Florida, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Maryland, Massachusetts, Mississippi, Missouri, Nevada, New Jersey, New Mexico, Ohio, Pennsylvania, Texas, West Virginia, and Ontario, Canada.

In aggregate, Penn National's operated facilities feature approximately 36,800 gaming machines, 850 table games, 2,900 hotel rooms and 1.6 million square feet of gaming floor space. Additionally, in late 2017, Penn National Gaming began the process of acquiring Pinnacle Gaming. At its closure, projected for the 4th quarter of 2018, Penn National Gaming will add 14 properties to its portfolio and become one of largest regional casino operators in North America.

Horse racing and pari-mutuel wagering continue to be an integral part of Penn National Gaming's continued growth strategy. The company is the largest owner-operator of pari-mutuel racing facilities in North America with 11 wholly or jointly owned operations that conduct nearly 1,200 live racing performances annually and processes in excess of \$1 billion in live and simulcast pari-mutuel wagers.

February 2008, ushered in a new era of Thoroughbred horse racing in Central Pennsylvania. Hollywood Casino at Penn National Race Course (HICPN) became the first established racetrack in the state to embrace the legislative intent of Act 71 in creating a fully integrated racing and gaming facility. The \$325 million project featured all new facilities for racing guests, officials and participants.

Since its passage, HICPN has aggressively worked to embrace the legislative intent of Act 71 with respect to stable area improvements.

In 2008, HICPN and the PA IIBPA entered into a ten year \$10 million commitment for stable area improvements. In just over 10 years, \$9.7 million has been invested in the construction of new barns, improved electrical and plumbing infrastructure, roadway improvements and compliance with Federal and State manure handling requirements. The balance of the \$10 million commitment is earmarked to be spent to improve stable area horse washing facilities and storm water runoff issues.

In addition to the investments noted above, close to \$5 million in capital improvement projects dedicated to horse racing have been completed comprised of new track maintenance equipment, a new equine ambulance, new stable gate entrance area with additional fencing, a refurbished receiving barn and perimeter fencing, a new Laundromat and Medical Clinic, a new roof on the Chapel, security cameras in the Receiving Barn, 21 new storage trailers for the barns and shadow fencing around the perimeter of the race track and a new groom's dormitory. In late 2017 HICPN purchased and new state of the art Starting Gate from True Center Gates for an investment of an additional \$175,000.

HCPN is proud of the improvements it has made to its racing surface. Working closely with the PA HBPA new materials used on the dirt track have resulted in a lower rate of catastrophic injuries and a 30% decline since 2009. Additionally, the rate of catastrophic injuries has been at or below the national average the past six years. HCPN continues to look at new technologies and means to improve its racing surface and works vigilantly to provide the safest tracks possible.

As a leader in the pari-mutuel industry HCPN understands the many diverse challenges facing horse racing. These challenges which have gained national exposure and attention are not new, nor unique to Penn National, or for that matter any of the racetracks in the Commonwealth. In its continuing efforts to maintain its leadership role and commitment to racing, Penn National Gaming introduced its "Horsemen's Guide" (enclosed) in 2011, for all its pari-mutuel facilities. The Guide is updated and revised annually, details national and local integrity standards and clearly states the expectations HCPN has of those wishing to participate and those participating at its facility. The "Guide" is a detailed publication giving horsemen direction and information when racing at Penn National.

Our concern with the humane treatment of our equine population has resulted in a corporate wide policy on horse slaughter with penalties for those who violate the policy. In furtherance of our commitment in this area, Penn National donates annually to various horse retirement programs for the PA HBPA, including New Start, CANTER of PA, R.A.C.E. Fund and ReRun.

Additionally, the Penn National Gaming tracks have been at the forefront of the battle for the adoption of unified medication rules as recommended by the Racing Medication Testing Consortium (RMTC) which would limit the use of therapeutic medications in horse racing. Penn National was also the first Thoroughbred track in the Commonwealth to utilize an independent contractor to administer furosemide (lasix) on race day.

The pari-mutuel industry has endured significant change over the past 20 years, with Pennsylvania being at the forefront in many of these areas.

Intrastate, and then interstate simulcasting exploded in the 1980's and early 1990's bringing greater choice to racing customers and providing new distribution outlets and revenue opportunities to Pennsylvania racetracks and horsemen.

A new breed of Off-Track Wagering (OTW) was developed and perfected in Pennsylvania through track owned OTWs featuring dining facilities and sports bar amenities – shattering the previous, undesirable and now defunct OTB model that had been developed in New York State. Penn National was a trailblazer in the development of OTWs both in central Pennsylvania and, through its prior ownership of Pocono Downs, in the northeastern portion of the state. Over the years the convenience of wagering from home via the phone or internet has grown at the detriment of the OTW's. The expense of the brick and mortar facilities has become burdensome and needs to be closely scrutinized if it is to continue in a profitable fashion in the future.

First telephone account wagering, and later wagering via computers and the Internet, provided yet another valuable distribution tool for Pennsylvania racetracks and were a response to the continuing change in preferences for increased information and access by the horse racing fan. Penn National's Telebet, a live telephone operator service, was one of the first operations of its type in North America.

The evolution of increased off-site distribution forged by Pennsylvania since the 1980's has been emulated in many other states with similar growth trajectories. This cycle of change has redefined the current horse racing business model in many ways from economics to customer wagering and

viewing habits. Given these developments have occurred over a 20-year time span many of these innovations have reached maturity status and are now in decline, both in Pennsylvania and nationally.

Today, handle on horse racing nationally is generated in most jurisdictions not on live racing occurring at the racetrack, but on simulcast horse (or dog) racing being broadcast into these facilities and through off-site distribution channels. The 2017 Jockey Club Fact Book indicated that despite the growth in total handle (up 1.5% from 2016) only \$1.041 billion (down 0.05% from 2016) of the \$10.91 billion wagered on Thoroughbred Racing in the United States was generated through live racing at on-track sources. (Exhibit 1) The remainder was generated away from the racetrack, in many places by third parties that may or may not have significant links or vested economic interests in the racing industry, adding yet another competitive layer of complexity to the industry puzzle.

Given greater consumer choices and usage channels, and a significant imbalance in terms of supply versus handle and attendance has been noticeable at not only racetracks in the Commonwealth, but across the nation. Again, we refer to the 2017 Jockey Club Fact Book reports on pari-mutuel handle trends, Average Field Size, Starts Per horse and Foal Crops as proof of these continued downward trends (see Exhibit 1).

While being highlighted nationally as a strong racing state, Pennsylvania saw a drop in foal crop, again in 2016. For the sixth consecutive year, the foal crop dropped from a high of 1,533 in 2010 to 623 in 2016 (see Exhibit 1).

These numbers point to Pennsylvania racing hitting a plateau and begin a period of decline. Future growth will be difficult unless changes are made. Pennsylvania Racetracks and Horsemen needs to take a serious look at the number of racing dates that are being conducted in the Commonwealth. A potential circuit among the tracks could help grow field size, increase purses and create a superior product. Field size has unequivocally been shown to have a great impact on handle with larger fields generating larger handles.

Among Thoroughbred racetracks, competition for quality and optimum numbers of available racehorses to fill race cards is a challenge, even with purse (prize) money increasing due to alternative gaming revenue sources. One only needs to look at the above mentioned national and local trends to see the reasons why. The introduction of Act 71 and the significant influx of funding from slot machine gaming dollars to purse and breeders funds has created the opportunity to significantly increase earning opportunities for horse owners, breeders and trainers, allowing Pennsylvania to move up in stature among not only racetracks in the competitive Mid Atlantic Region but among tracks on the national landscape as well.

Despite the challenges racetracks face in attracting customers to its brick and mortar facilities, Penn National continues to strategically invest in its facility to expand the market and offer customers and horsemen a first class experience. HICPN made a significant capital investment in a state of the art High Definition Video Production equipment for the production and dissemination of its live racing product. HICPN joins only a handful of tracks across America who have made such a substantial investment to supply superior quality video to its racing fans. Additionally a new graphics package was introduced with the high definition rollout.

With respect to Horsemen issues, Penn National is proud of the relationship it has fostered with the PA HBPA. We have worked with them on a number of major initiatives that we feel will greatly benefit racing in the Commonwealth. Foremost among these is the creation of a stakes schedule in 2013 centered around marquee events and featured the inaugural running of the \$500,000 Penn Mile. This partnership has continued into 2017 with a renewal of the stakes program and the fifth running of the Penn Mile. Additionally, HICPN has partnered with the PA IIBPA in such successful events as

the Ostrich and Camel Racing and the newly revised World Series of Handicapping. In Part II of the following report, the planning and results of the most recent two runnings of this event will be detailed and we hope this day will continue to succeed in the future and help bolster racing at HCPN and in the Commonwealth as a whole.

The Pennsylvania State Department of Agriculture and the Gaming Control Board have asked racetrack operators in the state to detail the impact of Act 71 as it relates to facility investments and improvements, existing and future marketing and promotional efforts regarding horse racing, on-track attendance for live racing and benchmarks for breeding, racing and handle. Penn National Race Course is pleased to present the enclosed information which illustrates the many diverse impacts of casino gaming on horse racing at HCPN and will be responding in the order as presented by the Department of Agriculture's previously distributed outline.

PART I LIVE ATTENDANCE

I. Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by increasing live attendance over the calendar year.

A. Total attendance statistics – daily, monthly and annually

Total attendance statistics for Hollywood Casino at Penn National Race Course (herein referred to as "HCPN") (Grantville) and the two Off-Track Wagering facilities (Lancaster and York) are enclosed (see Exhibit 2) for 2017.

Attendance is presented on a day-to-day basis along with monthly totals. (Exhibit 2)

Annual attendance for each facility is as follows for the past three years:

	2017	2016	2017-2016 % Change
Grantville	213,543	229,651	-7.01%
Lancaster OTW	31,527	32,841	-4.00%
York OTW	39,826	40,053	-0.50%

B. Description of the general demeanor and qualities of facility and amenities.

As of February 2008, Live Horse Racing and Simulcast Wagering have been conducted within the state of the art, \$325 million facility at HCPN. Some of the facility features include:

- Over 70 separate wagering locations with Sportech wagering terminals offering either manned tellers or self-service capabilities.
- Over 110 flat screen, LCD monitors (many of which were replaced in January of 2015) capable of showing High Definition racing and sporting events (where offered.) Live

racing from HCPN is now shown on monitors in HD on the casino floor and in the popular Skybox sports bar.

- The 450-seat Mountainview dining room overlooking the racetrack is open every five racing night. Each table includes an individual television monitor with many also offering touch screen, table top wagering machines.
- Our box seat area accommodates 256 guests. Public seating is available to the general population free of charge with box seats available for sale on a nightly or annual basis.
- The 150-seat simulcast tele-theater features individual handicapper work stations, 24 55" flat-screen LCD monitors, 12 additional 32" flat-screen TVs and 16 tabletop wagering terminals and a food service area.
- The Paddock Café, an 80+ seat lounge located adjacent to our Paddock/Walking Ring features wagering terminals, program sales, flat-screen televisions, a food court and easy access to the box seats and Mountainview dining.
- An expansive outdoor apron area provides up-close viewing of the Paddock and racing for guests with dozens of picnic tables and other seating options. There is easy access to expanded wagering terminals. Increased food and beverage options have been implemented over the last several years, including a trackside Barbecue Stand which has become a fan favorite during the summer racing season.
- The \$200,000 stairway from the box seats and Mountainview dining room to the Paddock Café area was added in 2011 and affords customers and horsemen easy access to the paddock and walking ring area.
- On the racing side, HCPN offers a one-mile dirt track, a seven-eighths mile turf course (the first one constructed in the state) and offers year-round stabling for approximately 1,100 horses in 25 barns. As part of its agreement with the PA IIBPA to conform to the backstretch improvement provisions of Act 71, HCPN has constructed 14 new barns since mid-2008. HCPN entered into a 10-year, \$10 million backstretch capital improvement program in consultation with PA IIBPA.

C. Description of appropriate signage and information so patrons can easily access and utilize racing facilities.

Exhibit 3 provides photographs of some of the signage within the HCPNRC facility relating to horse racing. The integrated racing and gaming facility provides easy access from the first floor gaming area to the second and third floor dedicated racing sections. In addition, the facility has convenient and direct access off the casino floor to the outside racing areas.

Guests of the racetrack can conveniently park in the modern 2,500 car parking garage which provides direct access to the second floor Mountainview Dining Room and Simulcast Teletheater level facilities and to the third floor box seat level.

D. Description of changes to physical plant.

The original grandstand building at HCPN was razed in 2006 and was replaced in its entirety with a \$325 million state of the art, integrated racing and casino gaming facility. All amenities for racing guests, racing officials and jockeys were part of this new construction.

HCPN introduced Table Games in July 2010. Currently there are over 2,400 slot machines on the gaming floor in addition to 64 table games and 16 poker tables. Television monitors dedicated to horse racing are located throughout the casino.

In 2017 HCPN ordered a new 12 stall starting gate from True Center Starting Gates at a cost of \$175,000. The new gate painted in Hollywood Casino Black and Gold is state of the art and fully padded for the protection of the horses, jockeys and assistant starters. True Center Starting Gates was founded in the early sixties by Clay Puett, founder of Puett Electric Starting Gate Company and built the first starting gate used in an official racing in 1939.

Other upgrades and improvements for 2017 include the purchase of a new material spreader truck for \$25,000 and \$80,000 in paving repairs in the stable area.

2. Describe plans to improve attendance at licensee's racetrack over the successive calendar year in addition to a marketing plan that includes:

A. Planned promotional programs to attract patronage

Beginning in 2013, HCPN restructured its stakes program to create two "Marquee Event Days", Penn Mile Day (run between the Preakness Stakes and the Belmont Stakes) and The Holiday Racing Festival, formerly known as Fabulous Strike Day (run in late fall). Marquee Event Days such as the Breeders' Cup, Maryland Million Day, Charlestown Classic have been proven across the racing industry to increase awareness and excitement, both locally and nationally for the host track. Awareness of this type has become extremely important as almost 90% of live handle is generated by off-track simulcast facilities.

In 2012, the open HCPN stakes schedule consisted of 12 races, all with purses between \$75,000 - \$200,000, and split out over five days. In contrast, the 2016 HCPN stakes schedule was a radical departure, consisting of six open stakes races split over only two days, including three \$200,000 stakes races, and the premier race for HCPN, the \$500,000 Penn Mile. The idea being that in order to make a splash on both a regional and national level, it would be necessary to create a day that could lure some of the top horses, trainers, and jockeys in the country to HCPN. In 2017 this concept was taken one step farther with the consolidation of the New Start, Lyphard and Danzig stakes for Pennsylvania Bred Horse being moved to the under card of Penn Mile Day. This consolidation along with a change in post time to 3:45 pm eastern created a seven stakes race card that rivals the best days at any track outside of the Triple Crown and the Breeders' Cup.

HCPN continues to put a major marketing and advertising efforts behind the Marquess Event Days, including advertising nationally with the following major print, online, and TV outlets: Daily Racing Form, Horse Racing Radio Network (HRRN), TVG2, and the Racing Biz. Locally, the Penn Mile was advertised in the Patriot News, on select Cumulus Radio stations, online at www.hcpn.com/racing, via on-track signage (starting gate, finish line, building, racing program), and also via the HCPN international simulcast TV feed.

The inaugural Penn Mile Day was a rousing success. The race attracted three graded stakes winners, a horse from the Kentucky Derby, and four of the best jockeys in the country - Hall of Famers John Velazquez and Edgar Prado, 2013 Kentucky Derby winning jockey Joel Rosario, and Javier Castellano. The impressive winner was Rydilluc for trainer Gary Contessa.

HCPNRC shattered all of its previous handle records. All-sources wagering on the Penn Mile race itself was \$1,139,478, making it far and away the largest single-race handle in the 40-year history of the track. The previous record was the Pennsylvania Governor's Cup Handicap on August 1, 2009, which handled \$377,365.

Total all-sources wagering on the entire ten-race card at Penn National was \$3,658,996, shattering the previous all-sources handle record for a single card of \$2,173,921, which was set on December 26, 1998.

This record was broken again in 2015 on Penn Mile Day with a total all sources handle of \$3,827,158.

As a result of attracting and or producing four Grade 1 winners (Bobby's Kitten 2014, Force the Pass 2015, Catch a Glimpse and Beach Patrol, 2016) the Penn Mile was elevated to Grade 2 status.

The 2017 edition of the Penn Mile, now as a Grade 2, was not a disappointment as it attracted some of the best turf three-year-olds from both coast, including California invaders Big Score and Cistron for trainers Tim Yawcock and John Sadler, respectively. But the honors of the day went to the east coast as Frostmourne came from off the pace to win the Mile for trainer Christophe Clement.

As usual the Penn Mile Day card attracted the best of the best, including jockeys Irad Ortiz, Javier Castellano, Edgar Prado, Paco Lopez, Luis Saez and Tyler Gaffalione and trainers Todd Pleatcher, Mike Maker, George Weaver, Linda Rice, Mary Lippier, Peter Miller, Michael Dini and Graham Motion, which drove the third highest handle on record of \$3,214,146.

HCPN looks to continue building on the success and excitement generated by the Penn Mile in the coming years.

The second of two major stakes nights planned for 2017, The Holiday Racing Festival was also a great success and was well supported by the betting public with a total handle for the day in excess of \$1.8 million. The \$200,000 Fabulous Strike and the \$100,000 Swatara stakes drew seven of the most talented horses, jockeys and trainers on the east coast, in each division.

2017 Marked Penn Nationals 45th Anniversary on August 30 which fell on a Wednesday, the same as it had in 1972. The day was celebrated with a Fan Appreciation Day which in \$1 Hot Dogs, Soft Drinks and \$2 beer on the trackside apron, and handicapping based promotions and free live racing programs.

Once again, the Ostrich and Camel races were one of the biggest attractions in 2017. This annual event has become a fan favorite as patrons literally filled the trackside apron, in what was described by one long time employee as the "largest crowd on the apron since the concerts in the late seventies" The 2017 event duplicated the success, drawing families and non-racing fans to the facility for the first time.

Additional promotional activities currently planned are as follows:

- The Budweiser Clydesdales will be on track on September and are always a crowd favorite.
- Penn National continues its agreement with the Television Games Network "TVG", the largest broadcaster of live racing in the country showing HCPN races and giving the racing product expanded coverage.
- The World Series of Handicapping (WSH) is the oldest handicapping contest in the country (started in 1977) and for 2017 was restructured to a "Live Money" contest and offered 2 berths to the National Horseplayers Championship in Las Vegas.
- HCPNRC has hosted several editions of the FERENTRI (International Federation of Amateur Riders) events
- HCPN, its OTWs and Ebet/Telebet have a guest loyalty program "Players Choice" where guests may earn points redeemable for wagering vouchers and programs/handicapping materials. Approximately 30% of total handle annually is tracked through this program.

- In order to heighten the on-track excitement for the Triple Crown, HCPN offers special promotions and restaurant offerings during each leg, the Kentucky Derby, Preakness, and Belmont Stakes. This included special post times and live music in 2017

In 2012, HCPN launched a new online Advanced Deposit Wagering (ADW) site, www.cbctusa.com. Now Branded as hollywoodraces.com, the site offers a multitude of new features and improvements to provide for a more customer friendly experience including a refreshed look and home page as well as a mobile app available for both I-phone and android users.

Please see Exhibit 4 for various items related to the Penn Mile, Holiday Racing Festival, The World Series of Handicapping and other promotional events, including advertisements, on-track signage, previews of races, photos and recap articles.

B. Plans for public awareness and outreach

Please see Part I, Section 2 to read about many of the public awareness and outreach plans HCPN put into motion.

- Also in 2015, HCPN introduce the Saturday Sunrise program in cooperation with the PA IIBPA. The program scheduled for one Saturday morning each month during the summer, invites racing fans of all ages to come out and watch morning training and meet owners, trainers and jockeys in a casual setting while enjoying a free continental breakfast. This program continued through 2016 and 2017 and has drawn a mixed crowd of racing fans and perspective owners.
- HCPN continues to utilize social media such as Facebook, Twitter and YouTube pages to help promote the racing product. The Facebook page, in particular, has been greatly received by fans, with numerous updates each week and lots of fan interaction.
- HCPN continues to advertise its big horse racing events in the Patriot-News, a Harrisburg newspaper with a circulation in excess of 490,000 readers and on their digital platform Pennlive. This advertising is utilized to help promote specific big racing events at Penn National like the Penn Mile this past June.
- HCPN sends out monthly mailers to approximately 50,000 people and each mailer contains information about racing

C. Proposed changes to physical plant (if any)

Please see Part I, Section 1.

1. *Furnish documentation of how the introduction of slot machine gaming at the licensed racetracks has enhanced live racing by increasing live handle over the calendar year. Please include the following:*

- A. **Total amount of live handle wagered on races conducted by licensee.**
 1. On-track
 2. Off-Track
 3. Account Wagering
 4. Other Guest Locations

Please see Exhibit 6 for detailed statistics for On-site handle categories for calendar years 2017, 2016, 2015, 2014, 2013, 2012, 2011, 2010 and 2009 and for Other Guest Locations (Export Handle).

- B. **Total amount wagered on simulcast races received by the licensee**
 1. On-Track
 2. Off-Track
 3. Account Wagering

Please see Exhibit 6 for detailed statistics in all the above mentioned categories for calendar years 2017, 2016, 2015, 2014, 2013, 2012, 2011, 2010 and 2009.

2. **Describe plans to increase live handle and simulcast handle with both licensee and at guest locations. UPDATE**

Please see Exhibit 6

All-sources handle on races run at Hollywood Casino at Penn National Race Course in 2017 increased by 7.79% to \$169,419,807 versus the \$156,212,756 wagered in 2016. While total handle increased for 2017, Total On-site Handle from all sites and sources decreased 4.99%. Despite the total number of races run in 2017 and average field size remaining flat at 7.5 horses per race, the Export Handle grew by 11.21%. The majority of this increase can be attributed a new favorable agreement with TVG and TVG2 to provide our signal in High Definition. Through this agreement, struck in November 2016, HCPN has seen increases in television dissemination and increases in export handle.

PART III NATIVE BREEDING INDUSTRY UPDATE

1. *Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by increasing the number of PA-bred or PA-sired horses participating in races at track over the calendar year. Please include the following:*

A. *Total of individual PA-bred/sired horses competing at racetrack, total number of starts these horses made and total purses earned.*

In 2017 a total of 1,084 individual PA-bred/sired horses competed at Hollywood Casino at Penn National Race Course. These horses won 621 races, made a total of 5,000 starts and earned \$15,260,390. In 2017, PA Bred horses continue to win 41.10% of the races contested at HCPN.

B. *Percentage of the whole that these PA-bred/sired horses contribute to the total number of horses competing at its track, the percentage of the whole as to total number of starts made, the percentage of the whole of purses earned.*

Statistics are not kept as to individual horses competing at HCPNRC. In 2016 a total of 11,012 starts were made at HCPN, PA-bred/sired horses made up 45.41% (up slightly from 2016 at 44.72%) of that total. Total purses distributed at HCPN in 2017 were \$29,553,400 with PA-bred/sired horses earning \$15,260,390 or 51.64%.

C. *Total number of races restricting entry to PA-bred or PA-sired horses and total purses paid in restricted races.*

In 2017 a total of 227 races were restricted to Pa-bred/sired horses. There were 222 overnight races and 5 stake races for a total purse distribution of \$6,461,951.

Exhibit 7 documents information regarding PA-bred/sired races from 2007 through 2017. Information for these statistics was provided by the Pennsylvania Thoroughbred Breeders Association and the HCPN Horsemen's Bookkeeper utilizing information provided by InCompass Solutions.

2. *Describe plans to increase participation of PA-bred or PA-sired horses and total purses paid in restricted races.*

As is clearly evident by the number of races written and won by Pennsylvania bred horses in 2016 and 2017, HCPN has, and will continue to be, an active partner with the Commonwealth's Thoroughbred Breeders and Horsemen in the promotion and advocacy of state-bred racing opportunities. HCPN desires a strong PA-bred racing program that can produce an adequate quantity of quality racehorses that are competitive not only against other PA-bred horses, but also against open company. A strong PA-bred program benefits all facets of the horse industry in the state and stimulates interest among the wagering public.

In addition to being an active member of the PA Breeders Advisory Committee, HCPN offers many advantages to state-bred/sired horses competing here on a year-round basis. Those current advantages include:

- In concert with the PA HBPA and the PA Breeders, HCPN put on PA Owners Appreciation Day in September of each year, with all races having enhanced purses and preference to horses that have a history of racing at HCPN.
- The 2017 PA Owners Appreciation Day included purse enhancements equal to an additional 50% per race category. The enhanced purses allowed us to conduct 10 quality races with full fields and offer preference to the horsemen that support the HCPN racing program, on a daily basis.
- Each Penn Mile Day, stakes and overnight races restricted to PA Breds are carded to help promote on a national stage the best horses and stallions that PA has to offer.
- At least two (2) races per day in the Condition Book written exclusively for PA-bred horses;
- Per statute, any race with at least eight (8) separate PA-bred entrants is closed exclusively for PA-breds;
- PA-breds receive preference in entering of horses at HCPN;
- A 20% additional bonus in purse money for owners of a PA-bred horse competing at HCPNRC.

Opportunities for PA-bred horses at HCPN continued to on pace in 2017 as a percentage of the total racing product despite the reducing the total number of races. A total of 227 races were carded exclusively for PA-bred horses – six times the number of racing opportunities for PA-breds since 2007.

HCPN is extremely appreciative of the role the PA-Bred horses have taken by becoming an increasing portion of our racing product. In this time of constriction in the industry, it is a testament to the PA Breeders' hard work, as the PA-Bred horses going to the race track are one of the few growth sectors in the industry.

HCPN requests that the Racing Commission and Gaming Board contact the PA Breeders Association and request any additional information it deems important to supplement information that may have been omitted from this report. In addition, HCPN welcomes any feedback and proactive actions by the Thoroughbred Breeders to stimulate horse ownership and interest.

PART IV CLASS

1. *Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by improving the quality in the class of races over the calendar year. Please include the following:*

- Type of race
- Number of Races
- Number of Starters
- Purses Paid

See Exhibit 8 for a detailed chart of this information from 2007 (pre-slot machine gaming at PNRC) 2016 and 2017.

Also included is a chart of Claiming Activity (Exhibit 8) at HCPN from 2007 through 2017. This benchmark shows that there is still a strong interest in ownership of racehorses and that the economics of horse ownership are geared towards allowing individuals to invest in the industry through the claiming route. The number of claims has decreased almost by 17.85 from 2016 to 2017. This decrease was intentional as HCPN in cooperation with the PA HBPA installed new claiming rules that protected the horse population at HCPN from out of state horsemen. While the number of total claims dropped the average value of a claimed horse increased 2.78%.

2. *Describe plans to improve class of horses in races for successive calendar year.*

Since 2007 average daily purse distribution has increased from \$70,000 to \$188,000 in 2012. In 2014 the average daily distribution began dropping to \$165,000 and eventually settled at \$148,000 per day in 2015 and 2016, as purse revenues from all sources faced increasing pressure and competition. In order to maintain purse levels on a per race basis at the same time compensating for the reduction in the number of available horses, race cards were reduced down to eight races per day and several days were removed from the calendar. The early increases in daily purses has brought an influx in not only an increased quantity of horses to race at HCPN, but a noticeable improvement in the overall quality of horses competing at the racetrack. This quality has not waned despite the recent cut backs and actually continues to grow in 2017 as evidenced by the increase in the number of allowance and optional allowance races run year over year. This is illustrated in Exhibit 8.

HCPN has been transitioning its racing program from a predominately lower level claiming/conditioned racing product to a mid-level claiming and allowance racing format. HCPN works closely with the PA-HBPA in order to create a balanced racing program and equitable purse distribution. Many of the lowest level claiming categories have been eliminated, and efforts will continue to refine the qualifying conditions throughout 2017 and going forward.

In 2012 HCPN and the PA-HBPA agreed to, the largest stakes program at HCPN in over a decade. This included the richest race ever at HCPNRC, the \$500,000 Penn Mile, as detailed in Part 1, Section 2. In 2015, the open stakes program was \$1.4 million, a slight reduction from the \$1.45 million offered in 2012 and 2013, but still ahead of the \$1.3 million in 2011 and \$720,000 in 2010. The 2017 the stakes schedule was scaled back slightly in value to stay consistent with the reductions in available purse dollars. HCPN is still in the lower echelon within the region in allocation of total available purses for stakes.

Despite the larger purses in recent years, HCPN must still compete against many other regional racetracks with enhanced purse supplements as well as large overlaps in racing dates. Competition in the Mid-Atlantic region is fierce for available, quality horses, with 11 thoroughbred racetracks within a four-hour radius of HCPN.

Even with the influx of available purse funds over recent history, trends in Thoroughbred breeding and training philosophies are cutting down on the number of horses available to race. This trend will cause continued problems for all racetracks going forward to offer competitive, quality races with adequate field sizes to generate wagering interest from racing customers. Through 2012, 2013, 2014 and 2015, national field size took a precipitous drop and continues to be a major concern on a daily basis.

In 2017 the average field size for the year at HCPN was 7.29, a decrease from 2016 which felt the effects of the initial reductions in race days and number of races per day.

HCPN, and Penn National Gaming strongly believes that the horse racing industry, not only in Pennsylvania, but in the Mid-Atlantic region and nationally must seriously look at the number of live racing dates being offered, the available horses to fill those race cards and come to some coordinated effort to improve the wagering handle on races while also balancing the economic realities of horse ownership. Racing date mandates based on artificial numbers, not marketplace realities are detrimental in the long run in producing a quality product which is attractive to the wagering public.

HCPN is willing to take a leadership role in this area but needs the cooperation of other tracks, horsemen and racing commissions in order to make this effort succeed. To that end Penn National is involved in discussions with other Mid-Atlantic racing entities regarding coordinating stakes, racing dates and condition book information.

PART V. RESIDENCE

1. Furnish documentation of how the introduction of slot machine gaming at the licensed racetrack has enhanced live racing by increasing the number of PA residents participating in the Commonwealth's racing industry throughout the calendar year. Please include the following:

A. Number of PA residents participating at the track as owners and trainers

In 2017 a total of 679 individuals listed as owners and/or trainers had registered accounts with the HCPN Horsemen's Bookkeeper with a Pennsylvania address. Another 77 Jockey accounts had PA addresses.

Exhibit 9 details the PA/Non-PA resident information for participants in racing at Penn National Race Course from 2007-2017.

B. Percentage of the whole that PA residents contribute to the total number of owners and trainers.

In 2017 there were a total of 1,954 registered owners-trainers in the Horsemen's Bookkeeper system. PA residents accounted for 34.7% of those accounts (679).

In 2018 there were a total of 230 Jockey Accounts with 91 (38.5%) being PA residents.

Exhibit 9 details the PA/Non-PA resident information for participants in racing at Penn National Race Course from 2007-2017.

C. Total purse earnings of PA residents at track of owners (as determined by address of stable or lead owner) and trainers.

PA resident owners-trainers earned \$16,432,737 in purses in 2017 at HCPN. Total earnings by PA resident jockeys at HCPN in 2016 were \$2,159,208.

Exhibit 9 provides a breakdown of PA and Non-PA resident accounts for Jockeys and Trainers/Owners in our Horsemen's Bookkeeper System for 2007 through 2017.

D. Estimated amount of purse earnings of non-PA residents stabling horses at the track.

This is not an easily identifiable number, however, of the 89 individual trainers currently stabled on the grounds of HCPN, a total of 79 (88.7%) are PA residents.

2. Provide strategy to increase participation of Pennsylvania residents in the PA racing industry for successive calendar year.

HCPN feels that many of the improvements to the physical plant in the clubhouse, grandstand, and backstretch, have made HCPN more attractive for horse owners. Without question the influx of increase purses from Slot Machine Gaming has greatly benefited horse owners in making the cost proposition of horse ownership more attractive.

The creation of our marquee stakes events, like the \$500,000 Penn Mile, detailed in Part I, Section 2, and days like PA Owners Appreciation Day and detailed in Part III, Section 2, are focused on raising the profile of HCPN to PA residents in addition to providing them with additional opportunities to race horses bred in the Commonwealth and sired by stallions currently standing in the Commonwealth.

The statistics in Part III (Native Breeding Industry) clearly demonstrate that we are a leader in the Commonwealth in terms of opportunities on a daily basis for Pennsylvania-bred horses to compete for excellent purses. It follows that the majority of those racing PA-bred horses will be PA residents.

HCPN feels that programs designed for horse ownership should also be a priority of the PA-IIBPA and the Pennsylvania Thoroughbred Breeders. Seminars on ownership, meeting individuals such as trainers and breeders, tours of facilities, websites or information brochures on how to become an owner or how to purchase a racehorse are all opportunities that could be explored and have been utilized successfully at other racetracks and jurisdictions. HCPN would be happy to work with the PA-IIBPA and the Thoroughbred Breeders on constructive programs to encourage horse ownership in general, and specifically to PA residents.

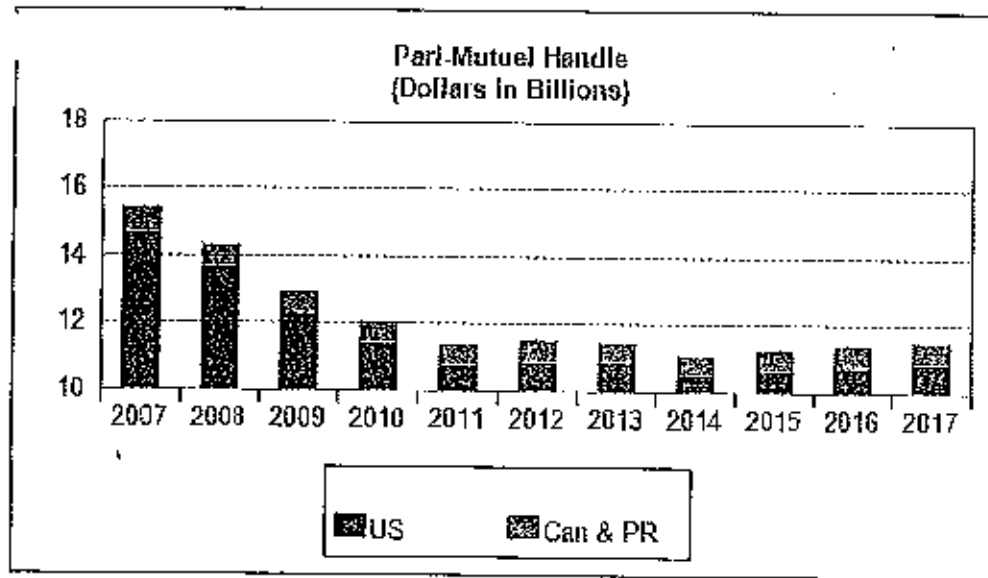

While we fully understand the intent to focus on the benefits of the racing program at HCPN towards existing residents of the Commonwealth, we hope that the Department of Agriculture, the Gaming Board and elected officials take a much broader view of the impact of slot machine gaming, and table games, on the horse racing industry in Pennsylvania.

Out-of-state owners and trainers make purchases in Pennsylvania, pay taxes in the state and employ individuals who work in the state. If their experience is a positive one, these out-of-state residents will expand their commitment to Pennsylvania racing or may soon become permanent residents of the Commonwealth and establish even stronger economic ties to the state. Given HCPN's close proximity to Delaware, Maryland, New Jersey, New York, Virginia and West Virginia we are fortunate to have a steady influx of horsemen, owners, breeders and jockeys competing at our facility. This influx is positive for the overall racing

program in creating diversity and improving the quality of the racing, which may grow attendance and handle. These out-of-state individuals will also purchase PA-bred horses, stable, board and breed their horses in the state, claim horses at PA tracks from PA-based trainers and owners and provide significant value to the racing programs at all PA racetracks. We view all of these activities as beneficial in the long-term for the Commonwealth of Pennsylvania.

HCPNRC and Penn National Gaming, Inc. greatly appreciate the opportunity to address both the Pennsylvania State Horse Racing Commission and the Pennsylvania Gaming Control Board in detailing our past, current and future efforts as it relates to the investment and improvement of horse racing at Penn National Race Course and for horse racing in general in the Commonwealth.

* Estimated figures

Foal crops are estimated against Reports of Mares Bred, scheduled to be filed by Aug. 1 of each breeding season. Foal registration is to be completed within 12 months of the birth of the foal. However, late registration is available for additional fees, making actual foal crop counts impractical before Dec. 31 of the crop's 2-year-old year, the time by which the vast majority of the foal crop has been registered.

Footnotes
FROSTBOURNE broke sharply then was taken well in hand, bided his time three wide, swung four wide into the stretch while moving, responded to urging and quickly ran clear into the final sixteenth, BIG SCORE was unhurted between horses, raced two wide into the final turn, swung three wide into the stretch and finished gamely outside, CISTON pressed two wide outside the early leader while in hand, took over in early stretch but was little match through the final sixteenth, MA MAVERICK raced in good position outside, gave his best three wide into the stretch then weakened, HOLIDAY STONE was unhurted, raced two wide between horses around the final turn, bumped with TIME TO TRAVEL, while trying to rally between horses into the final sixteenth then continued evenly, BRONSON wasn't far back inside to the stretch, swung out between horses to avoid tight quarters entering the final sixteenth but couldn't gain, TIME TO TRAVEL made the early pace along the rail then drifted while weakening in midstretch, bumped with HOLIDAY STONE and faded, BONUS POINTS stayed inside and failed to menace, PRIZE FIGHT was out on outside.

Denotes a Keeneland Sales Graduate

EQUIBASE

PENN NATIONAL - June 3, 2017 - Race 8
 574 ACES MOUNTAINVIEW S. Listed - Thoroughbred

11:00 will be distributed: \$2,000 to all starters; with the balance of the purse to be divided, 60% to the winner, 20% to second, 1% to third, 6% to fourth and 3% to fifth. Any horse running and finishing in the Mountainview Stakes will also automatically be nominated free of charge to the 2017 running of the Zia Park Distance Championship at Zia Park and (2) the Swaters at Penn National. Weights: Three year olds 118 lbs. Older 123 lbs. Non-winners of a sweepstakes at one mile or over in 2017 allowed 2 lbs. A sweepstakes at any distance 4 lbs. Starters to be named through the entry box by the usual time of closing. This race will be limited to Twelve (12) starters with High Weights preferred (Total earnings in 2016/17 will determine preference of horses of equal weight). Participant primary owner, trainer and jockey will receive points in accordance with the 2017 Penn Gaming Challenge scoring format. Closed Wednesday May 24, 2017, with 35 nominations.

Footnotes
 MAATT KING COAL moved to a clear lead from between horses while in hand nearing the first turn, romanced clear while raked out from the rail, bore out under left hand whip entering the final sixteenth then was straightened away and raced to a new track record. PAGE MCKENNEY chased two wide but was second best. DISCREET LOVER chased inside, ran out on the final turn and weakened. WHATSHAGQUESTION couldn't keep up.

STAKES: Pennsylvania Governor's Cup S. Listed - Thoroughbred

EQUIBASE

THREE-YEAR-OLDS AND UPWARD. No Nomination Fee, \$1,000 to pass the entry box, \$1,000 additional to start.
 \$2,000 to all starters, with the balance of the purse to be divided; 60% to the winner, 20% to second, 11% to third, 6% to fourth, 3% to fifth. Weights: Three Year Olds, 118 lbs.; Older 123 lbs. Non-winners of a Sweepstakes on the turf in 2016-2017, allowed 3 lbs. This race will be limited to twelve (12) starters. Footnotes
 BOLD THUNDER drew clear in hand midway on the backstretch, angled to the inside, remained clear into the final furlong then ducked out sharply once put to left hand whip and held. Following an objection by Lopez, BOLD THUNDER was disqualified and placed second. RICHARD'S BOY stayed out from the rail while chasing the winner, vied outside that one in midstretch, was forced to steady and altered course sharply entering the final sixteenth and wasn't enough. RAINBOW HAIR was unhurt, raced two wide into the turn, came over some neatening the stretch then finished with a rush along the inside. OAK BLUFFS was slow from the gate, steadied along the rail entering the stretch and again approaching the stretch, swung out and finished fast outside. An objection by Karamanos against the third finisher was not allowed. TAKE COVER stayed out from the rail around the turn then gained mildly between horses through the lane. HELKO wasn't far back between horses to the end of the backstretch then weakened. AWESOME GHOST faded three wide. RICHARD'S BOY WAS DISQUALIFIED AND PLACED LAST DUE TO A POSITIVE TEST AS PER PENNSYLVANIA RACING COMMISSION RULING.

PENN NATIONAL - June 3, 2017 - Race 5

 Stables; 6 - Midwest Thoroughbreds, Inc.; 8 - Bolton, George and Ladd, Peter

Footnotes
 Dynatal took command at once, stayed along the rail while making the way under racing, began to drift despite right hand whip entering the final furlong, continued to drift and held gamely, Party Boat settled inside, angled out to vie between the leaders in early stretch, extended entering the final furlong then finished gamely inside the winner. An objection by Lynch against the winner was not allowed. Adorable Miss was rated not far back, moved through wide to vie into the far turn, drew even outside the winner entering the final furlong then weakened late. Noble Ready was slow early, swung out racing the stretch while moving but couldn't gain in the lane. Spanish Horn was unharmed between rivals, came out fence wide near the lane with a mild bid when flattened out. SPANISH HORN wasn't far back in the three paths to the far turn then lined. Viva Vegas pressed two wide outside the winner early while in hand, remained prominent to the stretch then stopped and was eased up through the lane.

Footnotes
 THE CRITICAL WAY took command at once, was rated along the rail, remained in hand once displaced midway on the turn then responded to brisk urging through the lane, regained command past midstretch and was going away at the end. MDTOWNMCHANBROWN bobbed a few strides out of the gate, was urged to stay outside of the winner, took over midway on the turn, edged clear into the final furlong but couldn't withstand the winner through late stretch. SEPICATO couldn't keep up early, edged out into the three path leaving the turn and gained late. GOWNMILL RAGER wasn't far back outside in the three path but couldn't gain. BREWARD PLACE broke slowest and couldn't catch up.

Footnotes
FIRSTHAND REPORT was taken in hand once clear shortly after the break, ran out entering the first turn, was taken well in hand entering the backstretch.
was let out onto noaring the far turn, remained close to the rail into the stretch then held stubbornly under good handling. Impy was whittled early,
began a run into the far turn, came out four wide approaching the lane, vied outside but wasn't enough while drifting through late stretch. LIBBE'S ANSWER
was sort between rivals early on the backstretch to vie outside the winner, raced two wide around the final turn, gave her best into the final furlong but
weren't enough. PINK ELEPHANT was fractions in the gate, made a run outside rivals early on the backstretch to gain striding position, raced three wide
of the final turn and couldn't gain through the lane. ROYAL RENEGE angled to the rail shortly after the break while in closest pursuit, moved closer
on the backstretch then continued evenly. BULION MY BULION knigged to the stretch then found best stride too late. SYCEE wasn't far back early,
was caught in light two wide between rivals entering the far turn then weakened. RANSOM PAST DUE was no factor.

Footnotes
 Chief Lion bobbed at the break but quickly struggled it off and went up to take a clear lead, rounded the turn in the three path, dug in when asked for more and was able to hold on. FAVORITE TALE bobbed a little coming into stride but was unfazed, chased the pace on the inside then angled out at the top of the stretch with a rally in low, slowly gained on the leader and almost got up in time. FLEASHY KYEEM was allowed to settle off the pace while staying on the rail, ran all out through the stretch but was no match. GOLD MAN sat well rated off the pace going around the turn in the two and three path, was forced to go wide into the stretch avoiding an injured horse then finished evenly. AWESOME BANNER was reluctant to lead into the gate then stood anxiously but broke well, was allowed to settle off the pace, went very wide into the stretch avoiding an injured horse then had no response. TWENTYFIVE A failed to increase, BLU MOON ACE tracked the pace on the outside, suffered an injury at the five sixteenth pole and was euthanized.

Footnotes
 DISCREET LOVER was rated two wide outside the early leader, moved to a short lead early on the far turn, crew clear near the stretch and held under urging. SEA RAVEN settled inside, came out from the rail on the final turn then gained slowly between horses. FEAR THE COWBOY wasn't far back outside, moved closer four wide on the final turn but jacked the needed closing response. JOHNNY JUMP UP was hustled to a clear lead along the inside entering the first turn, remained in command to the far turn then tired. JOHN JONES bobbed leaving the gate, was rated three wide in good position, gave the best on the final turn then tired. LET ME GO FIRST was reluctant to lead, broke slowly and failed to menace. CHAMBS ANNULITY was outrun.

Hi Joe and Eric

FYI

2017 PA-Bred Statistics

PARX

Total # of unique starts - 779
Total # of wins - 409
Total # of starts - 3818
Total earned - \$17,805,740

PENN

Total # of unique starts - 1084
Total # of wins - 621
Total # of starts - 5000
Total earned - \$15,260,390

PID

Total # of unique starts - 349
Total # of wins - 193
Total # of starts - 1425
Total earned - \$4,481,465
