

## Temporary Certification Procedures for Manure Haulers and Brokers during the Covid 19 Shutdown

Those seeking the Commercial Manure Hauler 2, 3 or Broker 1 certification categories may obtain a temporary license which would be issued for a period of 6 months or until the next scheduled certification would be offered whichever is sooner. Unfortunately, at this time there are no options to be certified as a Broker 2. The Department would suggest those seeking Broker 2 certification seek the Broker 1 category until such time as a Broker 2 training becomes available.

The requirements for this temporary certification are as follows:

1. Each applicant seeking certification would need to read the Commercial Manure Hauler Level 2 workbook and take the practice exam at the end of each section.
2. Fill out the Commercial Manure Hauler Level 2 Verification Form and send the form to:  
  
State Conservation Commission, Manure Hauler Section  
2301 North Cameron Street Room 311,  
Harrisburg, PA 17110.
3. Contact Michael Aucoin at 717-772-5218 or email at [maucoin@pa.gov](mailto:maucoin@pa.gov) during the hours of 8am-4pm Monday – Friday to set up a time to take an oral exam which would cover questions from the Commercial Manure Hauler Level 2 workbook.
4. If successful in passing the exam pay the Commercial Manure Hauler Level 2 certification fee of \$60 via check or money order payable to “Commonwealth of Pennsylvania” and sent to State Conservation Commission, Manure Hauler Section, 2301 North Cameron Street Room 311, Harrisburg, PA 17110.
5. If an applicant is successful in passing the oral exam, the Department will issue the temporary certificate either by mail or email and hauling/brokering activities may begin.
6. The applicant granted the temporary certification will be required to attend the first available training offered for their appropriate level of certification and pass that trainings exam. The Department will notify individuals of when those trainings are available.
