Enclosed is the plan review application for facilities with an active Retail Food Facility License from the Pennsylvania Department of Agriculture who are remodeling (extensively changing food service operation, adding temperature related equipment, or facility alterations) ONLY. **This application is appropriate for facilities which are NOT currently licensed / operating.** If the facility is not licensed or has not operated in over 3 months, **DO NOT** complete this application; you must file the **RETAIL FOOD FACILITY APPLICATION AND PLAN REVIEW**. **If remodeling (food service change / equipment addition / facility alteration) is taking place as part of a change in ownership, you must ALSO submit the RETAIL FOOD FACILITY APPLICATION FOR CHANGE OF OWNERSHIP.** According to the Retail Food Facility Safety Act (3 Pa. C.S.A. §§5701 - 5714), "...any person owning or operating or desiring to operate a retail food facility within this Commonwealth shall make application for a license to the licensor on forms furnished by the licensor..." The Department’s Food Code regulations at 7 Pa.Code §46.1121(a)(3) require "...a retail food facility operator shall have plans and specification reviewed by the Department...before...the remodeling of a retail food facility...

All material must be fully completed and returned with any necessary accompanying documentation to the Regional Food Safety Office as listed by county. If your county is not listed, your facility is under a County Health Department jurisdiction, and they should be contacted directly for licensing. These counties include Allegheny, Bucks, Chester, Erie, Montgomery, and Philadelphia.

All material must be submitted at least **60 days prior** to beginning construction, remodeling, alteration, change in food service, or addition of equipment. Failure to provide all required information could delay your plan review.

The Department of Agriculture, Food Inspector and/or Regional Food Safety Supervisor, will review all plans and notify you of its approval/disapproval. Please allow **4 – 6 weeks** for processing.

INSTRUCTIONS FOR COMPLETING THE RETAIL FOOD FACILITY APPLICATION REMODEL - FOOD SERVICE CHANGE / EQUIPMENT ADDITION / FACILITY ALTERATION

These instructions are for review and to assist in understanding and completing the application and plan review process. Complete ALL SECTIONS.

SECTION 1:
This plan review application is for currently licensed facilities who are remodeling, making major changes to food type/menu, or adding equipment. Do not begin construction, remodel or conversion of the facility prior to submitting acceptable plans and prior to receiving approval of the submitted plans from the Regional PA Department of Agriculture Food Inspector or Regional Food Safety Supervisor. This section captures the type of remodel, construction, equipment change, and/or menu change that will be occurring in the facility.

SECTION 2:
This section captures information about your facility. Enter the most responsible official at the facility and who the inspector can contact to review plans.

SECTION 3:
This section captures information about your facility including the days and hours of operations, type of food service and menu. Explain the changes that will takes place as part of the remodel /food service change / equipment addition. A copy of any proposed new menu must be submitted with this application.

SECTION 4:
This section captures information specifically related to the remodel including floor plans, equipment, materials and construction plans. You do not need to submit plans for the entire facility – only areas of the facility that are affected by the remodel, or added equipment, must have applicable documents submitted for review. Aesthetic changes only that do not affect food storage, production or other food related areas do not need to submit plans (i.e. re-decorating the dining room, painting the walls a new color). Plans do not need to be signed and sealed. Only one copy is required for the review. Drawings/floor plans may be ‘hand-drawn,’ but must be clear, concise, legible, to approximate scale, and of such size to enable all information to be clearly shown. Drawings will not be returned to you unless specifically requested. The Department does not maintain a copy of your plans. See Pages 4 – 6 for additional information on Preparation of Floor Plans and Equipment Schedule.

SECTION 5:
This sections captures information related to compliance with local planning, zoning, building, fire codes, etc. Some of this information may need verified with the property or building owners/operators. It is your responsibility to assure compliance with other applicable laws and regulations related to the facility remodel.

SECTION 6:
Enter the date the retail food facility is anticipating the remodel project will be completed. Your Food Inspector will contact you with an approval (or disapproval) of your plans once they have been reviewed. Please allow 4 – 6 weeks for processing of your plan review/application from the date of post marking.

This application is NOT for NEW Retail Food Facilities, Mobile Food Facilities, or Retail Food Facilities in Local Health Departments.
GUIDELINES FOR PREPARATION OF FLOOR PLANS & EQUIPMENT SCHEDULE

All plan reviews must **include** copies of:

- Facility floor plan/layout of any remodeled / altered areas (excluding aesthetic changes)
- Location of any new food service equipment
- List of added equipment including manufacture’s names and model numbers (even if minimal)
- Surface or finish coat material of floors, walls and ceilings, if part of the remodel / facility alteration
- Site plan of exterior building structure/grounds including storage areas, trash receptacles, outside refrigeration units, etc., if part of the remodel / facility alteration

Plans do not need to be signed and sealed. Only **one** copy is required for the review. Drawings/floor plans may be ‘hand-drawn,’ but must be clear, concise, legible, to approximate scale, and of such size to enable all information to be clearly shown. Drawings will not be returned to you unless specifically requested. The Department does not maintain a copy of your plans. Additional information may be requested by the Department of Agriculture (PDA) to approve your remodel.

The outline below provides a generalized list of items that should be addressed on your floor plans and equipment schedules as appropriate for any remodels / facility alterations. The **Room Finish Schedule** and **Equipment Schedule** charts are provided for optional use to help organize your information and ensure all information is submitted as required. Whether you use the enclosed charts provided below or submit in your own format, **all** information listed is required for any remodeled areas or facility alterations which are not solely aesthetic, and **must** be included with this application.

Please note: **Not all areas as listed below may be applicable to your facility, or your particular remodel project.**

**FACILITY DETAILS:** (See FDA Food Code for detailed requirements)

**STRUCTURAL FACILITIES** – details must be indicated and included on **Room Finish Schedule ONLY IF** any of these areas are involved in the remodel or facility alterations.

- **Floors**
  - Construction and finish materials
  - New buildings finish coats (ex: linoleum, concrete sealed with high gloss paint, etc.)
  - Location of floor drains (only if altered)
  - Materials for the juncture between floors and walls

- **Walls and Ceilings**
  - Materials
  - Finish

- **Doors and Windows**
  - Self-closing devices on doors where required
  - Screening or other insect-control devices (include size of screening)

- **Lighting**
  - Placement of all fixtures (in relation to equipment)
  - Illumination levels (in foot-candles or numbers/wattages of lights)
  - Provide protection for light fixtures to ensure shattered glass does not become a food safety hazard
RETAIL FOOD FACILITY LICENSE APPLICATION AND PLAN REVIEW
REMODEL -- FOOD SERVICE CHANGE / EQUIPMENT ADDITION / FACILITY ALTERATION ONLY

Plumbing
☐ Water connections to food service equipment
☐ Drainage or condensate lines from equipment such as ice-makers, walk-in coolers etc. showing clearly the methods of discharge of waste waters
☐ Details running water dipper wells, including water inlet, waste connection, etc
☐ Mixing valves on lavatory fixtures
☐ Hot water generating system
☐ Cross connection and backflow control as needed
☐ Commonwealth regulations prohibit the use of lead pipe, lead-based solder and fitting in potable water drinking systems after January 6, 1991

Toilet and Handwashing Facilities
☐ Construction detail of the floors, walls and ceilings in restrooms
☐ Method of ventilation to outside air
☐ Number of restrooms in the facility (there must be one for employees to use)
☐ Location of all handwash sinks  *Minimum of one handwash sink for food employees must be accessible and conveniently located in the food preparation areas AND in or immediately adjacent to restrooms

Food Storage Areas
☐ Construction of floors, walls, and ceilings in these areas
☐ Height and depth of storage shelves (distance from the lowest shelf to floor must be no less than 6”)
☐ Finish of storage shelves and their location (not under overhead water or sewer pipes)

EQUIPMENT – full details must be indicated and included on Equipment Schedule

Design and Construction
☐ A list of all equipment must be prepared as an addendum to the plans showing the manufacturer and the model for all equipment. Equipment must meet a minimum requirement as stated in Food Code. A set of detailed shop drawings may be evaluated to determine compliance with these standards. Food equipment that had been unaltered and has been certified or classified for sanitation by an American National Standards Institute (ANSI) accredited certification program shall be deemed to comply with Chapter 46 as listed above. All other equipment must be evaluated for compliance with the Code.

Ventilation
☐ A detail of the final exhaust outlet must be provided if part of the remodel or facility alteration. If necessary to keep rooms free of excessive heat, steam, condensation, vapors, obnoxious odors, smoke and fumes in a food facility, mechanical ventilation of sufficient capacity and made of approved materials shall be provided. Ventilation hood systems and devices shall be sufficient in number and capacity to prevent grease or condensation from collecting on walls, ceilings and fixtures. Exhaust ventilation hood systems in food preparation and warewashing areas (including components such as hoods, fans, guards and ducting) shall be designed to prevent grease or condensation from draining or dripping onto food, equipment, utensils, linens and single-service and single-use articles.
☐ On new installations or hood remodels, galvanized metal hoods are not acceptable in situations where grease-laden vapors are being produced.
☐ If vented to the outside, ventilation systems may not create a public health hazard, nuisance or unlawful discharge. It is the food facility operator or owner’s responsibility to assure compliance with all state and local building and fire codes.
The following chart/schedules are for your optional use. Complete and submit with your plans ALL facility details and equipment schedules

SECTION 1

PURPOSE OF THE PLAN REVIEW

This Plan Review application applies ONLY to a currently licensed food facility that is remodeling (a non-aesthetic part*) or all of the facility, OR is changing food service style or processing methods, OR is adding processing/cooking, or temperature control equipment. Check all that apply:

- Major remodel of an existing food facility
- Equipment change or addition to a food facility
- Extensive Menu or food service change to a food facility
- Minor construction to the food facility

If remodeling/food service changes are in conjunction with an ownership change, a Retail Food Facility Application for Change of Ownership must also be submitted.

*If aesthetic changes only, such as paint, carpet, and decoration changes in non-food preparation or storage areas, STOP. Do not submit a plan review. Contact your inspector/regional office.

SECTION 3

FACILITY SERVICE INFORMATION

☐ NO ☐ YES* Is the facility days and times of operation changing?

☐ NO ☐ YES* Is the type of food service changing? (Eg. adding catering, dine-in, a café to a food store)

*If YES: PROJECTED CAPACITY:
Number of inside seats ________________ (Mark ‘0’ if no seating provided)
Number of outside seats ________________
Patron served daily (projected) __________

☐ NO ☐ YES* Is the menu / retail food sales changing? (Eg. adding ROP or other specialized process (must submit a HACCP plan), adding a food store department (deli, bakery), adding RTE raw or undercooked foods such as eggs or steak to a menu.) If YES a new menu must be submitted with the application.

☐ NO ☐ YES* Is equipment related to food processing/cooking/temperature control holding being added? (Eg. Walk-in, Refrigerators, Stoves, Hot Hold or Salad Bars)

*Explain any YES answers: __________________________________________________

SECTION 4

FACILITY FLOOR PLAN, EQUIPMENT, MATERIALS & CONSTRUCTION

All Remodels must submit floors plans, list of equipment, materials, and all construction changes for the non-asethetic area(s)* specifically affected by the remodel. Menus should also be submitted for food service changes. If equipment is being added without other ‘construction,’’ the equipment list along with a floor plan indicated placement is sufficient.

*Aesthetic changes such as paint, carpet, and decoration changes do not need to be addressed if they are not in food preparation or storage areas.

I have attached the appropriate documents related to the remodel with this application.

SECTION 5

ZONING AND OTHER CODES

BUILDING CODES AND ZONING: (FOR REMODEL)

☐ Facility/Unit/Business Remodel Plans are compliant with local zoning requirements (eg. if a food service change, such as ‘take-out only’ to dine in).

☐ Facility/Structure Remodel Plans are compliant with all building code requirements (electrical, plumbing, ventilation, structural, etc.) and permits have been obtained, where applicable.

I certify the facility is compliant with the above requirements and all applicable supporting documentation is attached.

Applicant Signature: ________________________________________________________________

SECTION 6

Anticipated date of remodel completion (food service change / equipment addition / facility alteration) for the facility:
