

**AMUSEMENT RIDE SAFETY DIVISION**

Dear Pennsylvania Amusement Ride / Attraction Owner:

The sole means of tracking Inspections, Safety Bulletins, Insurance, and Itineraries is the unique registration number issued by this Bureau and stamped on the registration plate to be permanently affixed to the ride or attraction. It is important to display the current Registration Plate with it's a current year sticker. Without the current plate, it appears to the public that your ride or attraction might not be registered or inspected and **may result in being shut down by the Quality Control Inspector.** The registration plate remains the property of the Department of Agriculture and is furnished to the owner at no cost.

**To apply for a replacement plate, include a check payable The Commonwealth of Pennsylvania totaling the sum of \$30.00 for each replacement plate needed. Please provide the needed information for replacement in the spaces below.**
